

Master CalTube Light

Master CalTube Light is a flexible light weight PE fabric with a PVV Coating. This CalTube has a welded overlap seam to keep the liner tightly pressed against the host pipe during the curing process. This CalTube is used in blind shot line applications.

TECHNICAL DATA:

Coating Material: PVC / PE

Seam: Overlapped Weld

Color: Purple

Installation: Inversion

Recommended Temperature: Up to 130°

DIAMETER RANGE: 2"-6"

AVAILABLE LENGTHS: 328'

APPLICATIONS:

- Pull-in-Place
- Open Ended
- Hot Water (Ambient Cure)

INSTALLATION AIR PRESSURE: 5 to 8 psi

MAX CURING PSI: 3" (12psi), 4" (12psi), 5" (10psi), 6" (7psi)
